THE CONTROLLED CHOICE STUDENT ASSIGNMENT PLAN GENERAL INFORMATION

All students will be assigned to schools and programs in the Boston Public Schools under the guidelines of the Controlled Choice plan in Kindergarten through grade 12 for the 1995-1996 school year. To assure desegregation, the Controlled Choice Plan requires the School Department to compose enrollments for each school by grade based on racial ethnic percentages.

ASSIGNMENT ZONES

The Boston Student Assignment Plan splits the city into three geographic zones (EAST, NORTH AND WEST) for grades kindergarten through grade 8. There is one citywide zone for high schools. The plan provides a variety of schools and program offerings for parents in their selection of the schools most appropriate for their children.

ZONES Include These Areas of the City:

East Dorchester, South Boston, Hyde Park, Mattapan
North Allston, Brighton, Fenway, Back Bay, Beacon Hill, Chinatown, South End, East Boston, Charlestown and North End
West Roxbury, Jamaica Plain, Roslindale, West Roxbury and part of Dorchester
High School Citywide

WHAT THE BOSTON STUDENT ASSIGNMENT PLAN OFFERS

There are **EARLY LEARNING CENTERS** open to 4, 5, and 6 year olds in the three zones, and some 3 year olds in the North Zone only.
KINDERGARTEN* is open to 4 and 5 year olds and some 3 year olds in the East and North Zones.
ELEMENTARY SCHOOLS are from grades 1 through 5 with some exceptions: there are K-8 schools in each zone.
MIDDLE SCHOOLS serve students in grades 6-8 and
CITYWIDE HIGH SCHOOLS have programs in Grades 9-12.

One **Citywide Elementary** school will be available, Rafael Hernandez Elementary Two-way Language School.

Two **Citywide Middle** schools/programs will be available. King Middle/Carnegie School and Timilty Middle/Project Promise School.

Citywide High Schools will offer both a comprehensive program and magnet theme. All high schools are available except the three examination schools.

There will be three specialized schools: Carter, Horace Mann, and McKinley.

There will be six **pilot schools**(See page 18)

BILINGUAL programs are offered in nine languages for students with limited English proficiency (LEP) and a variety of classes and programs are offered for **SPECIAL EDUCATION** students.

AGE REQUIREMENT

The following age requirement shall apply for all new students to Boston Public Schools.

Pre-Kindergarten	3 years of age by September 1, 1995**
Kindergarten I	4 years of age by September 1, 1995
Kindergarten II	5 years of age by September 1, 1995
Grade I	6 years of age by September 1, 1995

**Limited number of classes available. This program is not in all schools.
For more information about Kindergarten and Grade 1, call the Office of the Elementary and Pre-School Level at 635-8600.

No kindergarten waiver test will be given for early entrance into Kindergarten and Grade 1.

**Kindergarten information is subject to change for the 1995-1996 school year.*

State regulations mandate the following: Each child shall attend school beginning in September of the calendar year in which he/she attains the age of six. Department of Education Regulation 603 CMR 8.02(1). If a parent does not receive one of his/her

choices for a K2 program, the child will be administratively assigned. Failure to send a child to school could result in legal action against the parent.

FACT SHEET FOR PARENTS

HOW TO UNDERSTAND NEW STUDENT ASSIGNMENT RULES: Q & A ABOUT CHANGES

Parents who have children enrolled in Boston Public Schools in kindergarten and grades 5 & 8 (transitional grades) will be required to complete an application choosing from a wide range of schools and/or programs for their children. Exceptions: Students who are enrolled in the Hernandez, McKay, S. Greenwood and the examination schools may remain in the present school to the highest level.

Students who are currently enrolled in a Boston Public School in grades 1 thru 4, 6 or 7 and 9 thru 11 within their zone of residence or in a citywide school may continue in their present school and do not have to re-apply. Applications will not be issued. Exceptions will be made for students involved in programmatic changes and students who reside out of their assignment zone. Parents may select other schools during the transfer period.

Following are some questions concerning student assignment changes:

Initial Registration Period

Q. Who receives applications during the initial application/registration period?

Students currently enrolled in K2 and grades 5 & 8 will be issued preprinted applications at their school to bring home during the week of January 3, 1995.

Week of January 3 to January 31

Newly enrolling students for these grades can get applications from Parent Information Centers. (See back cover)

Grades K2, 5 & 8
Currently Enrolled &
Newly Enrolling

Q. Can I register my children for the same school?
Yes, parents of children newly enrolling in the Boston Public Schools or siblings with a brother or sister currently enrolled may elect to have all children in the same school at the same level.

Q. How many school choices should I make on my application?
You must make at least two school choices for grades 1, 6, and 9. Applications with only one school choice will not be processed during the initial assignment period. You may make as many school choices that are available.

Q. If I return my application with no choice or mark only one school choice, will my choice be processed in the initial registration period for students entering grades 1, 6 & 9 for September, 1995?
No, your application will be considered incomplete because you are required to make two choices. The application will be returned to you to make an additional school choice. The application will be processed during the late registration period. The exception is kindergarten; students are not required to make two choices.

Q. How long will I have before the application must be returned to my child's school?
You will have approximately four weeks, until January 31, 1995, before your child's completed application must be returned to your child's school. Newly enrolling students must meet the same deadline.

Q. When will assignments be provided for students who apply from January 3 to January 31 for grades 1, 6, & 9 for September 1995?
Assignments will be issued to students during the week of February 27, 1995.

Q. What happens if I do not receive any of my school choices during the initial application/registration period?
If your child is enrolling for grades 1, 6, & 9 and does not receive one of his or her school choices, he/she will be mandatorily assigned to the appropriate school/program and placed automatically on a waiting list for first, second, or third choice schools. The exception is kindergarten.

Late Applications Period
Feb. 1 to March 16

Q. When will applications that are returned after the initial registration period be considered for assignment?
Applications returned after January 31, the deadline for the initial registration period, will be considered during the late application period.

Q. When will assignments be provided for students who return their applications late?
Late applications will be processed after March 16 and assignments will be issued the week of April 10.

Q. If I do not return my application, will I receive a school assignment for September, 1995 for my child?
Yes, if your child is entering grades 1, 6, or 9, he/she will be mandatorily assigned to a school/program. The assignment notice will be issued the week of April 10. Students currently enrolled in K0, K1, or K2 (permanent

status) will be assigned to their present school.

Kindergarten Registration Period

February 1 to March 16
Current (K0, K1)

Q. Who receives applications during this period?
Applications will be issued to currently enrolled students in pre-kindergarten, K0 and K1. Parents of newly enrolling kindergarten students may receive applications from the Parent Information Centers.

Q. Do I have to complete and return an application form if my children are enrolled in permanent kindergarten programs?
You may choose to keep your children in their current school because they are guaranteed continuation to the highest grade if there is no change in your zone of residence (with the exception of the Tobin)

Change of address guideline is not applicable for students assigned to a citywide school/program.

Q. Do I have to complete and return an application if my children are currently enrolled in temporary Kindergarten programs?
Yes, you should file an application if you want your children to be considered for continuation in the same school through grade 5.

Transfer Process Period
Feb. 13 to March 16

Grades 1-4, 6 & 7 and 9-11
Currently Enrolled & Newly Enrolling

Q. Who can make requests for transfers during the Transfer Process Period?
Students already enrolled in grades 1 thru 4, 6 & 7, and 9-11 may complete a request for consideration for a school between February 13 and March 16, 1995. Students newly enrolling in these grades may complete an

application for assignment at this time.

Q. Where can I go to receive an application for transfer?
Applications for transfer will be available in all schools and Parent Information Centers. Parents should visit one of the Parent Information Centers to obtain information about available programs. Completed applications must be returned to the appropriate Parent Information Center. (See back cover)

Q. When will I be able to apply for a school transfer if I miss the March 16 deadline?
Students may apply for a transfer at any time after March 16. Requests will be considered on a monthly basis through the end of June and ongoing until the end of September.

Transfers will be made based on seat availability within the racial fairness guidelines.

Students who do not receive school transfers will be automatically placed on waiting lists for first and /or second choice schools. Waiting lists will expire after the 2nd marking period. Students will remain assigned to their current school of enrollment for the 1995-96 school year.

Q. How many requests can I make for a school transfer?
Students may file one (1) transfer request only during the school year, making as many school/program choices as are available. The exception is kindergarten.

Students will be granted only one transfer request within an academic year, except for change of address, safety, programmatic and disciplinary reasons. (Does not apply to transfers from waiting list.)

Siblings Automatically assigned based on capacity.

Grades K-12 Currently Enrolled & Newly Enrolling

Q. Can I register my children for the same school?
Yes, parents of children newly enrolling in the Boston Public Schools or siblings with a brother or sister currently enrolled may elect to have all children in the same school.

Q. Can a brother or sister currently attending a Boston Public School and who will return there next year, pull his/her sibling into the same school during the initial assignment period for kindergarten , grades 1, 6 or 9?
Yes, currently enrolled siblings can pull their brother(s) or sister(s) into the same school at the same grade level if parents rank that school as their highest choice on their application.

Amendment Adopted November 23, 1992

After assigning in-zone siblings, assign any out-of zone siblings as long as additional bus routes or transportation is not required.

To be considered for an out-of-zone sibling transfer, contact a Parent Information Center for more information.

Q. Can newly enrolling brothers and sisters be considered for sibling preference for the same school during the initial assignment period for grades 2-5, 7 & 8 and 10-12?
No, sibling consideration will be provided during the transfer period if all school choices are ranked in the same order for all siblings on the application form.

Q. If there are more requests for sibling consideration for a school/program than there are available seats, how will siblings be assigned?
Siblings will be assigned based on random number when there are more siblings than available seats.

Q. If I decide to enroll my children in two different schools as new students and do not request sibling preference, will I be able to complete a request for a sibling transfer during the transfer process?
No, your sibling options should be used at the time of entry in the Boston Public Schools. When your children move to another grade level i.e, elementary to middle level, you may request a sibling transfer.

FOR CROSS ZONE SIBLING INFORMATION, PLEASE CONTACT A PARENT INFORMATION CENTER BETWEEN JANUARY 3-31, 1995.

Q. If my sibling request cannot be honored for any of my choices, will mychildren be assigned to the same school?
Efforts will be made to mandatorily assign siblings to the same school.

Waiting Lists

Waiting Lists will be maintained in random order within priorities, Grade, Race, Zone. Automatically assigned for Grades K-12 prior to mid-August 1995.

Students not receiving 1st, 2nd, or 3rd (mandatorily assigned) choices.

Q. Who will be assigned to the waiting list?
Students who are not assigned to their first or second choice schools will be placed on waiting lists. Students who are mandatorily assigned will be placed on the waiting list for their first, second, and third choice schools.

Q. How will the waiting list be established?
A student's position on the waiting list will be determined by order of priorities, his/her random identification number, by race, by grade, by zone and by date.

Available seats will be assigned automatically to students with the lowest random number, within priorities.

Q. If I am offered my second choice school from the waiting list and do not accept it, will I remain on the list for my first choice?
Yes, you will remain on the waiting list for your first choice school.

Q. When will the waiting list expire?
The waiting list will expire at the end of the second marking period for grades K-12.

Mandatory Assignments

Grades 1-12 (Exceptions K2) See Regulations Grades 1-12

Q. When will mandatory assignments be issued?
Mandatory assignments will be given to unassigned students at the close of each assignment period.

Q. What are mandatory assignments?
Assignments made administratively for students who do not receive one of their choices and/or do not return applications are classified as mandatory.

Q. Can I make a request to change a mandatory assignment if I am not satisfied with the school choice?
You may request a transfer after the orientation session to be held at your child's assigned school.

Q. Will mandatory assignments be processed for some students entering K2?

Yes, State regulations mandate the following: Each child shall attend school beginning in September of the calendar year in which he/she attains the age of six. Department of Education Regulation 603 CMR8.02(1).

If a student does not receive one of his/her choices for a K2 program, the child will be administratively assigned to a school for September.

FOR YOUR INFORMATION

WHAT DO I NEED TO REGISTER MY CHILD FOR SCHOOL?

For entering kindergarten or grade 1 students, you must have a birth certificate (for age requirements see page 3). All new students need immunization records and two recent, pre-printed proofs of address such as a utility bill, bank statement, or Boston Housing Authority lease. The Boston School Department does not accept personal mail or rent receipts as proof of address. Notify the nearest Parent Information Center if you do not have acceptable proofs of your address. An attendance supervisor will visit your home to verify your address.

WHAT TO DO IF YOU MOVE:

The school principal must be notified about the new address as soon as possible. You must take two proofs (i.e., utility bills or bank statement) of your address to one of the following: your child's school, a Parent Information Center, or the School Information Center, 26 Court St., 9th Floor, Downtown, Boston.

WHAT TO DO IF YOU BECOME HOMELESS:

If your family moves into a temporary living arrangement, e.g., a shelter, with friends or family members, your child has the right to remain at the school last attended or enroll in a school within the new zone, town or city where you temporarily live. The Boston Public Schools may not, however, be able to provide transportation in all situations. Please contact the nearest Parent Information Center for more assistance. (See back cover)

YOUR CHILD MUST BE IMMUNIZED BEFORE ENTERING SCHOOL!

STATE LAW REQUIRES THAT NO CHILD MAY ATTEND SCHOOL UNTIL A CERTIFICATE OF IMMUNIZATION IS SUBMITTED. (M.G.L. c.76, s.15)

The immunization record verifies that your child has been immunized against diphtheria, tetanus, whooping cough, polio, measles, mumps, rubella and tuberculosis.

If you need a copy of the immunization record, contact your child's health care provider (i.e. Doctor or Neighborhood Health Center). If you have not had your child immunized for health reasons or

religious beliefs, you must bring a signed statement to that effect when you register for a school assignment in the Boston Public Schools.

You need to bring proof of immunization if your child is registering in the Boston Public Schools. Remember, children who can not provide proof of immunization will not be permitted to register for school.

ALTERNATIVE TRANSPORTATION

The school department may be able to pick up or drop off your child at a stop on an existing school bus route near your child's before/after school day care. If you would like to receive more information on "alternative transportation", please contact a Parent Information Center.

SCHOOL MEALS

The Boston Public Schools serves nutritious meals every school day. Breakfast and/or Lunch may be purchased at a reasonable cost. Children may also receive meals free or at a reduced price. Meal Applications may be obtained through your child's school or through the Department of Food and Nutrition Services, at 635-9144.

ATTENDANCE POLICY

Students are to report to school on the first day of school as designated by the Boston Public Schools'
calendar or immediately after they have been assigned to a school.

If for some reason a newly assigned student does not report to school five days after receiving an assignment, for the academic year, his/her name will automatically be given to staff to follow up by telephone and letter to determine why the student is not in school.

If after another ten days the student has not reported to school or notified the principal that there is a health problem, the student will lose the assignment at the specified school. Truant officers will also be notified.

EXPULSION

Students who have been expelled from other school systems will not be permitted to enroll in Boston Public Schools.

Students new to Boston who enroll and are later determined to have been expelled from the previous school will be discharged immediately.

PILOT SCHOOLS

Boston school officials have approved six proposed pilot schools that will operate largely indendendent of the district and the teacher's union. The six programs chosen are:

Boston Arts Academy
Please Note: school will not open until September 1996.

Boston Arts Academy, a high school for visual and performing arts, including dance, music, and theatre, plans to open in September of 1996. The school, which includes a full range of academic subjects as well, is a partnership of the Boston Public Schools and the Pro Arts Consortium, whose members include: Berklee College of Music, The Boston Conservatory, Emerson College, Massachusetts College of Art, and The School of the Museum of Fine Arts. The initial enrollment will be approximately 150 students in grades 9 and 10 and will grow to 400 students (grades 9-12) within two years.

Downtown Evening Academy is a diploma-granting pilot high school which is operated by ABCD and Boston High School, both of which are centrally located in downtown Boston. The Evening Academy is a good choice for students who are 16 years of age or older and are at least one year behind in credits. Classes run from 5:00 P.M. to 9:00 P.M., Monday through Thursday nights. During the day, students must be employed, providing service at a community agency, or actively involved in some type of training program. Competency-based curriculum units will be the cornerstone of the academic program, using evaluation through exhibitions and portfolios, which requires students to demonstrate knowledge and skills by preparing a presentation and a compilation of written work. The curriculum includes computers, and students will also receive credit for their daytime activities. A full range of support services will be provided, including job placement and counseling. Classes in English as a Second language will be offered, as well as moderate special needs services. The program will enroll 125 students in 1994-1995, primarily through high school guidance counselor referral.

Fenway Middle College High School Program is a Boston Public Schools' high school program, affiliated with and located on the campus of Bunker Hill Community College at the MBTA stop designated as Community College. It has been designed, in part, to create a link between the high school years and the college years, and beyond, and to reinforce the notion of learning as life-long.

Although the Middle College serves a wide variety of students, the underlying philosophies are three-fold: first, that the school should be small, personalized and responsive; second, that many older high schoolers have more in common with 20 year-olds than with younger students, and that they should take an active role in making their own educational choices -- with that freedom comes an increased amount of responsibility for their own learning and for their own behavior; and third, as a member of the Coalition of Essential Schools, we feel the need to actively examine our school structures, course offerings, assessment mechanisms, and student-teacher relationships in ways which we hope will produce a more responsive and accountable institution for our clientele.

Ideally, Fenway students enter the program at the 9th or 10th grade levels. In some limited cases, 11th or 12th grade students may be accepted if there are special and compelling circumstances. Students who wish to attend Fenway, as well as their parents and guardians, should become as personally familiar with its goals and methods as possible, so the the "match" between the services provided and the needs of the individual students is a good one. Our admissions procedure, one shaped in part with input from the Bunker Hill administration, requires a substantial visit to the campus, and especially our classrooms, and a full-fledged series of conversations among Fenway personnel, the Program Director, prospective students and their family.

Health Careers Academy, an effort to duplicate an existing health-careers program supported by the New England Medical Center.

The Lyndon School is a pilot school located at the corner of Russett Road and Weld Street in West Roxbury. Closed ten years ago, the school will reopen in September of 1995 with classes for Extended Day Kindergarten II through Grade 2. There will be two "regular education" classes and one "bilingual" class for each grade. The school will add a grade each year until it becomes a fully operational Kindergarten II through Grade 5 School.

The goal of the Lyndon School is for our children to have strong academic skills and the ability and confidence to use those skills cooperatively to solve problems. The school community -- with the school site council, cooperative leadership and team teaching -- will create an environment that models inclusive and respectful behavior, develops a love of academic pursuits and encourages personal growth.

In September of 1995, everyone at the Lyndon School - staff, students, parents - will be new to the building. This unique opportunity will allow us to establish an environment where all members will mirror our motto -- A Community of Learners.

Young Achievers Science and Mathematics School is a citywide pilot school program and is scheduled to open with classes for Extended Day Kindergarten 1 through Grade 2 with the gradual implementation of additional grades yearly until grade 8 has been completed. The Extended Day Kindergarten 1 and Kindergarten 2 program will include practical routines that will help develop critical thinking and decision making, problem solving skills.

Located at the corner of Morton and Harvard Streets in Dorchester, the school is centrally located from Forest Hills, Mattapan, and Ashmont MBTA stations.

The overall goal of the school is to foster a sense of self-confidence, self-esteem and a promise of a better future by providing a quality 21 Century education with emphasis on Science, Mathematics and Modern Technology. Instruction will be hands on with a team teaching approach. Plato 2000 individualized computer-based skill competency program will be part of the curriculum.

The school will provide the opportunity and tools to meet the unique needs of the students that will enable them to become purposeful and active members of society. Resources from the school community, active parental involvement, will help to ensure quality education and that the goals of the school are met.

This innovative and stimulating program will open for the 1995-1996 school year with a highly competent administrative team, committed parents and charged students.

REGISTRATION TIMETABLE
1995-1996 SCHOOL YEAR

GRADES 1, 6, 9

INITIAL REGISTRATION PERIOD

Application period: **Week of January 3,1995 to January 31,1995**
Assignments issued: **Week of February 27, 1995**
Including Mandatory Assignments for Students not receiving choices.

LATE APPLICATIONS

Application Period: **February 1, 1995 to March 16, 1995**
Assignments Issued: **Week of April 10, 1995**
Including Mandatory Assignments for Students not receiving choices or returning applications

KINDERGARTEN

INITIAL REGISTRATION PERIOD

Application Period: **Week of February 1, 1995 to March 16, 1995**
Assignments Issued: **Week of April 10, 1995**
Including Mandatory Assignments for K2*

GRADES 2-5, 7 + 8, 10-12

TRANSFER PERIOD

Transfer Period: **February 13, 1995 to March 16, 1995**
Assignments Issued: **Week of April 10, 1995**
Including Mandatory Assignments for Students not receiving choices.

Following the transfer and kindergarten periods, applications will be processed monthly through the end of June 1995.

ASSIGNMENTS ON SITE: JULY 1, 1995 - ongoing

WAITING LIST**

WAITING LIST ESTABLISHED:	END OF EACH REGISTRATION PERIOD
WAITING LIST EXPIRES:	END OF SECOND MARKING PERIOD (End of January, 1996) **

**Assignments from waiting list will be made automatically until mid-August. After mid-August, parents will be provided an opportunity to accept or reject the assignment.

TRANSFER REQUESTS RECEIVED AFTER MARCH 16, 1995 WILL BE PROCESSED ONGOING UNTIL THE END OF SEPTEMBER. THEREAFTER, REQUESTS WILL BE COLLECTED AND PROCESSED EARLY NOVEMBER AND AT THE CLOSE OF THE SECOND MARKING PERIOD.

***State regulations mandate the following: Each child shall attend school beginning in September of the calendar year in which he/she attains the age of six. Department of Education Regulation 603 CMR 8.02 (1). If a parent does not receive his/her choices for a K2 program, the child who will attain the age of six during the calendar year will be mandatorily assigned. Failure to send a child to school could result in legal action against the parent.**

PARENT INFORMATION CENTERS

Finding the right school for your child is an important task. Contact a Parent Information Center (PIC) to obtain information about the school/program choices available to your child for assignment. The PIC staff will assist you in registration and will arrange personal visits to the schools that interest you. If your home language is not English, you will be provided assistance. Arrangements will be made for testing and registering your child for school in your home language.
